Encroachment description: Permission to construct and maintain a fence parallel to and within 15 feet of the southern property line of the property described in Exhibit "A" as illustrated in Exhibit "B". The use and occupancy of road right of way under this permit is conditioned upon the Occupant's compliance with these provisions:

1. If the Agency deems it necessary to revoke this permit on the basis of a need to expand capacity or improve safety, the Agency reserves the right to give notice regarding the removal of the described encroachment. The Agency may terminate this permit upon (30) days written notice to the Occupant. The Occupant shall remove the described encroachment maintained under this permit within the time specified in the notice.

7. Issuance of this permit shall not be construed as a waiver of the occupant's obligation to comply with any more restrictive requirements imposed by local ordinance.
8. This permit only authorizes the described encroachment to remain within the Deer Park Road right of way by not more than 15 feet. If the fence is damaged from any cause whatsoever to the extent that the cost to repair would be greater than or equal to the estimated value of the described encroachment, it shall be removed and the property put back in its original condition.
